

Suicide Prevention & Response Protocol

A Resource for Faculty and Staff at Agnes Scott College

Suicides, and the threat of suicides, are an issue that every college campus in America faces. According to the Suicide Prevention Resource Center, suicide is the third leading cause of death among Americans 15 – 24 years of age.

- Call for assistance by following the guidelines in the Suicide Prevention and response Protocol in the chart above and also described on the following pages.

IDENTIFICATION AND REFERRAL

Any member of the ASC community who is concerned about a student with suicidal ideation, suicidal behavior, or related issues can consult with the Intervention Team by initiating contact with a member of the team.
